-

Getting Started

Logging In

1. Open your web browser (Chrome, Safari, Firefox, or Edge)
2. Go to your Havdis Ctrl website address
3. Enter your email address (example: andreas@havdis.no)
4. Enter your password
5. Click the **Login** button

Note: Your login credentials are provided by your team administrator.

Dashboard Overview

The Dashboard is the first page you see after logging in. It gives you a quick overview of everything happening in your team.

What You'll See:

Welcome Message At the top, you'll see a personalized greeting with your name.

Statistics Cards Four boxes showing important numbers: - **Total Tasks:** All tasks in the system - **In Progress:** Tasks currently being worked on - **Completed:** Tasks that are finished - **Active Milestones:** Current project phases or sprints

Quick Actions Three buttons to help you get started quickly: - **Create New Task:** Click to add a new task - **Create Milestone:** Click to start a new project phase - **View Kanban Board:** Click to see all tasks organized by status

Team Overview See all your team members with: - Their profile picture and name - How many tasks they have - How many tasks they've completed (green bar) - How many tasks they're currently working on (blue number) - What task they're currently working on

Recent Activity Shows what your team has been doing recently: - Who did what - Which task they worked on - When it happened (e.g., "2 hours ago")

Managing Tasks with the Kanban Board

The Kanban Board is where you manage all your tasks visually. Think of it as a digital board with sticky notes.

Getting to the Kanban Board

Click **Kanban Board** in the left sidebar (the menu on the left side of the screen).

Understanding the Columns

Tasks are organized in 4 columns from left to right:

1. **To Do** (Gray): Tasks that haven't been started yet
2. **In Progress** (Blue): Tasks currently being worked on
3. **In Review** (Yellow): Tasks waiting to be checked
4. **Done** (Green): Completed tasks

Moving Tasks Between Columns

To change a task's status: 1. Click and hold on a task card 2. Drag it to a different column 3. Release your mouse or finger 4. The task automatically saves in its new position

Tip: This is called “drag and drop” - it's like moving a piece of paper from one pile to another!

Filtering Tasks

At the top of the Kanban Board, you'll see filter options:

Search Box

- Type any word to find tasks
- Searches in task titles and descriptions

Filter Dropdowns

- **All Milestones:** Show tasks from a specific project phase
- **All Labels:** Show only tasks with a specific label (like “Bug” or “Feature”)
- **All Assignees:** Show only tasks assigned to a specific person

Clear Filters Click the **X** button to remove all filters and see everything again.

Scrolling Through Tasks

If a column has many tasks, you can scroll up and down within that column to see all tasks.

Creating and Editing Tasks

Creating a New Task

Method 1: From the Dashboard 1. Click the **Create New Task** button in Quick Actions

Method 2: From the Kanban Board 1. Go to the Kanban Board 2. Click the **+ New Task** button at the top right 3. OR click the small **+** icon at the top of any column

Filling Out Task Details

A form will appear with the following fields:

Task Title (Required)

- Give your task a short, clear name
- Example: “Fix login button” or “Create monthly report”

Description (Optional)

- Add more details about what needs to be done
- Explain the task so anyone can understand it

Status Choose where the task should start: - To Do - In Progress - In Review - Done

Priority How urgent is this task? - **Low:** Can wait (Gray) - **Medium:** Normal priority (Blue)
- **High:** Important (Orange) - **Urgent:** Do this first! (Red)

Assignees

- Click the dropdown to assign the task to team members
- You can assign a task to multiple people
- Click on names to select them

Milestone (Optional)

- Choose which project phase this task belongs to
- Example: “Sprint 1” or “Q1 2024”

Labels (Optional)

- Add tags to categorize your task
- Example: “Bug”, “Feature”, “Design”
- You can add multiple labels

Due Date (Optional)

- Click the calendar icon
- Select when the task should be completed
- The date will be highlighted in red if it's overdue

Saving Your Task

Click the **Create Task** button at the bottom of the form.

Editing an Existing Task

1. Click on any task card in the Kanban Board
2. The task details will open
3. Change any information you want
4. Click **Update Task** to save your changes

Deleting a Task

1. Find the task you want to delete
2. Click the small **trash can icon** in the top right corner of the task card
3. Confirm that you want to delete it
4. The task will be permanently removed

Warning: Deleted tasks cannot be recovered, so be careful!

Using Milestones

Milestones help you organize tasks into project phases or sprints (like chapters in a book).

Viewing Milestones

Click **Milestones** in the left sidebar.

Creating a Milestone

1. Click the + **New Milestone** button
2. Fill in the details:
 - **Name:** Give it a clear name (e.g., “Website Launch” or “Sprint 1”)
 - **Description:** Explain what this phase is about
 - **Start Date:** When does this phase begin?
 - **End Date:** When should it be completed?
 - **Status:** Choose from Planned, Active, Completed, or Archived
3. Click **Create Milestone**

Viewing Tasks in a Milestone

1. Click on any milestone card
2. You'll see all tasks assigned to that milestone
3. You'll also see:
 - How many tasks are in each status
 - Overall progress percentage
 - Who is working on what

Editing a Milestone

1. Click on the milestone you want to edit
 2. Click the **Edit** button
 3. Make your changes
 4. Click **Update Milestone**
-

Working with Your Team

Viewing Team Members

Click **Team** in the left sidebar to see everyone.

What You Can See About Each Team Member

Each team member card shows: - Profile picture - Name and email - Current availability status: - **Green dot:** Available - **Red dot:** Busy - **Yellow dot:** Away - **Gray dot:** Offline - Bio (what they do) - Skills (what they're good at) - Total number of tasks - Current task they're working on

Understanding Workload

The cards help you see: - Who is busy (lots of tasks) - Who has capacity (fewer tasks) - What everyone is working on right now

This helps you assign new tasks fairly!

Using Labels

Labels are like colored stickers you can put on tasks to categorize them.

Viewing Labels

Click **Labels** in the left sidebar.

Creating a New Label

1. Click **+ New Label**
2. Enter a name (e.g., “Bug”, “Feature”, “Design”, “Urgent”)
3. Choose a color
4. Click **Create**

Using Labels on Tasks

When creating or editing a task: 1. Click in the **Labels** field 2. Select one or more labels 3. The labels will appear as colored tags on the task card

Editing or Deleting Labels

1. Go to the Labels page
 2. Click on the label you want to change
 3. Edit the name or color, or click **Delete**
-

Calendar View

The Calendar shows all your tasks with due dates in a traditional calendar format.

Opening the Calendar

Click **Calendar** in the left sidebar.

Navigating the Calendar

- Use the **arrow buttons** at the top to move between months
- Click **Today** to jump back to the current date

Viewing Tasks on the Calendar

- Tasks appear on their due dates as colored blocks
- The color shows the task’s priority
- Click on any task to see its details

Creating Tasks from the Calendar

1. Click on any date
 2. A new task form will open with that date pre-selected
 3. Fill in the task details
 4. Click **Create Task**
-

Profile Settings

Accessing Your Profile

Click the **gear/settings icon** in the top right corner of the screen.

What You Can Update

Profile Picture

- Click **Change Avatar**
- Upload a photo from your computer
- Recommended size: Square image, at least 200x200 pixels

Personal Information

- **Name:** Your full name
- **Email:** Your email address (used for login)
- **Bio:** Tell your team about yourself
- **Skills:** What you're good at (separate with commas)

Status Choose your current availability: - **Available:** Ready to work - **Busy:** Working on something, don't disturb - **Away:** Not at desk, will return later - **Offline:** Not working right now

Password To change your password: 1. Enter your current password 2. Enter your new password 3. Confirm your new password 4. Click **Update Password**

Important: Choose a strong password with letters, numbers, and symbols!

Saving Changes

Click **Update Profile** at the bottom to save all your changes.

Notifications

Notifications keep you informed about important updates.

Viewing Notifications

Click the **bell icon** in the top right corner.

Types of Notifications

You'll receive notifications when: - Someone assigns you a task - Someone mentions you in a comment - A task you're assigned to is updated - A task deadline is approaching - Someone comments on your task

Managing Notifications

- **Unread notifications** appear with a blue dot
 - Click on a notification to see more details
 - Click **Mark all as read** to clear all notifications
-

Tips for Success

Daily Routine

1. **Start your day:** Check the Dashboard to see what's happening
2. **Update your tasks:** Move tasks on the Kanban Board as you work
3. **Communicate:** Add comments to tasks when you have questions
4. **Update your status:** Let your team know if you're available or busy
5. **Check notifications:** Stay informed about what your team is doing

Best Practices

- **Keep task titles short and clear:** Others should understand what needs to be done
- **Update task status regularly:** Move tasks as soon as you start or finish them
- **Set realistic due dates:** Give yourself enough time
- **Use labels consistently:** Agree with your team on what each label means
- **Assign tasks fairly:** Check the Team page to see who has capacity
- **Add descriptions:** Help others understand complex tasks
- **Check in daily:** Spend 5 minutes each day updating your work

Getting Help

If you're stuck or have questions: 1. Ask your team administrator 2. Try the feature again slowly, following each step 3. Check if you have the right permissions (some features may require admin access)

Keyboard Shortcuts (Optional)

For faster navigation, try these shortcuts:

- **Ctrl/Cmd + K**: Quick search
 - **Esc**: Close any open dialog or form
 - **Click and drag**: Move tasks on the Kanban Board
-

Troubleshooting Common Issues

I Can't Log In

- Check that your email and password are correct (passwords are case-sensitive)
- Make sure Caps Lock is off
- Try refreshing the page
- Contact your administrator for password reset

Tasks Won't Move on the Kanban Board

- Make sure you're clicking and holding the task
- Try using a mouse instead of a trackpad
- Refresh the page and try again

I Can't See All My Tasks

- Check if you have filters applied (look for the X button to clear filters)
- Make sure you're looking in the right column
- Try using the search box to find the task

Changes Aren't Saving

- Check your internet connection
- Look for error messages in red
- Try refreshing the page (your changes might have saved)
- If the problem continues, contact your administrator

The Page Looks Broken or Strange

- Try refreshing the page (press F5 or Ctrl/Cmd + R)
 - Clear your browser cache
 - Try a different web browser
 - Make sure you're using a modern browser (Chrome, Firefox, Safari, or Edge)
-

Glossary of Terms

- **Dashboard:** The main page showing an overview of everything
 - **Kanban Board:** A visual board showing tasks organized by status
 - **Task:** A piece of work that needs to be done
 - **Milestone:** A project phase or sprint containing multiple tasks
 - **Label:** A colored tag to categorize tasks
 - **Assignee:** The person responsible for completing a task
 - **Status:** Where a task is in the workflow (To Do, In Progress, etc.)
 - **Priority:** How urgent or important a task is
 - **Due Date:** The deadline for completing a task
 - **Filter:** A way to show only specific tasks
 - **Drag and Drop:** Clicking, holding, and moving something with your mouse
-

Quick Reference Card

Most Common Actions
